Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, construction work at the IL 38 interchange with I-39 east of Rochelle will begin on Monday, May 4, 2015. William Charles Construction Company is starting the \$477,219 project to repair and resurface all of the ramps at the interchange.

The ramp for traffic from IL 38 to southbound I-39 will be closed for one week to allow for concrete pavement repairs. The ramp will be closed from Monday morning, May 11th until Friday, May 15th. Traffic to southbound I-39 will be detoured on IL 38 to IL 251 to I-88 during the five day closure. All other ramp repairs and resurfacing will be completed while the ramps are open to traffic.

Motorists are asked to drive slowly and carefully while sharing the ramp roadway with construction operations. Vehicles will be driving on the ramp shoulders and flaggers will be directing traffic past the workers and equipment.

The project is scheduled to be completed by early June.

Please slow down and use extreme caution while driving through all work zones.
